

Getting the Story Despite a Pandemic

Sue P. Heiney, PhD, RN, FAAN

1/22/2021

Challenges

- **STORY-L Interviews by phone, recorded transcribed**
 - Rural patients with CML
 - Interview 1; interview 2
- **Challenges with STORY+ focus group:**
 - African American women with breast cancer
 - App development to improve adherence
 - Ongoing series of meetings in person, user friendly location
 - Teams
 - Less familiar software
 - Media literacy problems
 - Longer as comments needed about various sections
